PROFESSIONAL SUMMARY

Committed and results-driven Bachelor of Business Information Technology graduate with high-level expertise in software development and a deep understanding of the Software Development Life Cycle.

I have experience working with various web development technologies such as Python (Flask and Django), and JavaScript (Angular and ReactJS) plus a history of repeated success in directing projects from inception to execution by strategically allocating resources and delegating tasks to achieve on-time, on-budget delivery.

TECHNICAL SKILLS

Strong: Python-Django, REST APIs, CI/CD, Angular, HTML5 & CSS3, JavaScript, TypeScript, Git, PostgreSQL, FireBase, MySQL, and Technical Support.

Experienced: Vue JS, React JS, Flutter, and DevOps.
